

Jeyco Pty Ltd Quality Policy

Jeyco Pty Ltd is a Stockist and Retailer of Marine Hardware which includes:

- Anchors, Chains, Ropes and General Marine Equipment.
- Design and Supply of Marine and Aquaculture Mooring Systems.
- Provisions of Repairs and Maintenance.
- Load Testing of Marine Equipment.

The key objectives for all levels of staff in Jeyco are:

- Provide a service which best satisfies the requirements of the customer
- Offer products and services that are better in quality or performance than those offered by the competition
- Customer specifications strictly observed and fulfilled
- The quality of our products and services is assured and in line of regulatory and customer specifications
- Getting things right the first time.

Jeyco is committed to delivering this by:

- Establishing, implementing, maintaining and continually improving our management systems.
- Seek to identify, continuously monitor and act on our customers' specific needs and expectations to ensure a mutually satisfying relationship.

All employees of the organisation have been inducted to Jeyco's Quality Management System, and the management encourages the employees to follow the Quality Principals towards meeting the company objectives, and are urged to make any improvement suggestions to organisational activities.

The Policy is reviewed every year.
